Where Do Wild Animals Live?

Let's Focus

How are forests and deserts different?

Forest

This is a **forest**! There are many trees here. There is also a river. Who lives here? Deer and bears live here.

Forests get lots of **rain** and **sunlight**. So **plants** grow well here. There is enough food for everyone.

Desert

This is a **desert**! It's very hot. It's also very dry. Who lives here? **Camels** and lizards live here.

Deserts don't get much rain, but they get lots of sunlight. There aren't many plants here. But that's okay. Desert animals can live without food and water for a long time.
